**The kits by age will be paired with any general kit necessary.*

Donor may select packaging type and pack kits. Packaging should be clear oversized baggies unless otherwise specified. The TFG team can also pack kits for you if needed. Any packing material donated is greatly appreciated, but we do ask that you only select listed items due to storage space and child welfare requirements. Fabric items must be new.

Help ease the trauma of transition with a child-friendly place to wait.

Since the children are allowed to take items of comfort with them when the wait is over, our team restocks our APTW locations several times a month. We ensure toys, movies, books, blankets, stuffed animals, journals, fidgets, and teen games are available at all times. We also provide prepacked Gift Kits with items they may need like hygiene items or school supplies. You can help by donating any of the listed items or by making a financial donation toward establishing a complete initial setup.

Our locations support ages birth to eighteen with items of comfort and necessity.

TFG provides a table and chairs set, bookcase, play rug, toybox, activity bench with storage, hide and play tent, DVD player, noise-canceling headphones, "Warmie" therapeutic stuffed animals, movies, books, art supplies, sensory items, folding mini cots, blankets, pillows, booster seats, storage carts, baby kits, toddler kits, teen kits, hygiene kits, baby wipes, diapers, journals, puzzles, toy cars, educational toys, and games. We also include a plastic container full of handwritten notes of encouragement from the community. Locations may request additional items based on population served.

Expanded APTW areas also feature soft seating, playpen, large sleeping cots, and additional storage.
